DeinTeich.de

Teich Pool Dach

For this GRP garden pond, the DeinTeich.de [Premium-Set](#) with epoxy resin and glass fabric was used.

In the first step, the [HP-E80FS priming resin](#) was applied to the concrete substrate. This was followed by the laminate, consisting of the [HP-E30TLS laminating resin](#) and three layers of [HP-B320/635E glass fabric](#) for the necessary strength and stability of the GRP garden pond.

The [HP-E30TDS epoxy resin system](#) was used for the colored top coat (RAL 6020-chrome oxide green).

Whether you want to build a GRP garden pond, swimming pond or whirlpool yourself - DeinTeich.de offers the right coating set for your project!
