size: 120m²

material: [premium set](#) (epoxy resin)

colour: RAL7016, anthracite grey

realisation: company

DeinTeich.de

Teich Pool Dach

For this GRP koi pond, the DeinTeich.de [premium set](#) was used with epoxy resin and glass fabric.

First, the [epoxy resin HP-E80FS](#) was applied to the substrate of the pool as a primer. The next step was the laminate, consisting of the [laminating resin HP-E30TLS](#) and three layers of [glass fabric HP-B320/635E](#) for the necessary strength and stability of the GRP koi pond.

Finally, the [HP-E30TDS epoxy resin system](#) was used for the colored top coat (RAL 7016-anthracite grey).

Whether you want to build a GRP garden pond, swimming pond or whirlpool yourself - DeinTeich.de offers the right coating set for your project!
