size: 25m²

material: [premium PLUS-set](#) (PU top coat)

colour: RAL5010, gentian blue+RAL5015, sky blue

realisation: private customer

[DeinTeich.de](#)
Teich Pool Dach

For this covered GRP pool, the DeinTeich.de [premium-PLUS set](#) with epoxy resin, fiberglass fabric and polyurethane top coat was used.

First, the [priming resin HP-E80FS](#) was applied to the concrete substrate of the pool. This was followed by the [laminating resin HP-E30TLS](#) and three layers of [HP-B320/635E glass fabric](#) as a laminate, which gives the GRP pool strength and stability.

In the final step, the [HP-PUR-PLUS polyurethane top coat](#) in RAL 5010-enzian blue and RAL 5015-sky blue was applied as a colored top coat.

Whether you want to build a GRP garden pond, swimming pond or whirlpool yourself - DeinTeich.de offers the right coating set for your project!
